

C Size Lane Use Sign

The Lane Use Series of LED sign is the latest from Hi-Lux and features our advanced Constant Current Driver Technology (CCDT), with the addition of Hi-Lux Security Interlocking (HSI) to prevent conflicting messages from being displayed on neighbouring lanes. Should the LUS require removal the sign features a quick release door allowing for easy replacement.

The Hi-Lux Electronic Speed Limit Series can communicate back to a control centre with a number of protocols including RTA, HTS or NMS. Protocols can be transmitted by RS232, RS422, and RS485, 915MHz Radio, Ethernet or 3G mobile data networks.

Features
