

No Left Turn/No Right Turn Sign

The Hi-Lux Regulatory Series of signs are designed to be reliable in all environmental conditions. The No Left/Right signs features a flashing symbolic representation of either No Left or No Right Turn. The sign features a robust IP55 rated aluminium enclosure with impact resistant polycarbonate screen and weather-proof seals.

Hi-Lux Regulatory signs feature a range of switching methods, relay contact, RTA/STREAMS or mains switching and can be remotely communicated to via RS232, RS422, 915Mhz Radio, Ethernet or 3G mobile data networks.
